Sir,

Subject - Revision of Water Revenue Establishment

I have the honor to state that the existing Water Revenue Establishment consists of (2) Clerks on Rs 25-1-40 Rs 25-1-30-1-40 (4) clerks on Rs 20-1-25 and one peon on Rs 10/- per mensem As the work in this section has very much increased and under the circumstanced explained in the office notes (copies enclosed), a proposal to revise the establishment was placed before the Municipal Council in their meeting held on 29th January 1944 when they resolved as follows -

The clerical establishment of the Water Revenue Section is revised as follows'

One Headclerk on Rs 40-2-50 per mensem
Five clerks on Rs 25-1-40 per mensem
One temporary clerk on Rs 25-1-40

4

With the above revision the extra cost thereto works out to Rs 53-12-0 per mensem or Rs 645/- per annum The extra cost during the current year will be met from the closing balance and necessary provision for the ensuing years will be made in the budget

I request you kindly to obtain sanction of Government to the revision of the establishment

The necessary proposition statement is herein enclosed

I have the honour to be,

Sir,

Your most obedient servant,

Subject - Re-organisation of the Water Revenue section

Prior to 1926-27, the maintenance work connected with the supply of water and the collection of water revenue vest-ed with the Superintendent, Vani Vilas Water Works and from 1st April 1927 and onwards, the collection of water revenue was entrusted to the City Municipal Council

The Revenue during 1928-29 was Rs 70,000 and collection was about Rs 68,000/- There has been a steady increas both in demand and collection as could be seen in the annexe comparative statement The demand and collection for the las year viz 1942-43 were 1,34,000 and Rs 1,33,000 respectively The number of water connection during 1927-28 was about Rs 6,000 (5,700 flat-rate and 300 Non-domestic) whereas the number of water connections upto end of 1942-43 is about 10,000 under three different heads viz Flat rate 8300, Excess = 1000 and non domestic about 700 Therefore it is obvious that the work in the section is almost doubled

The section was provided with a Head clerk on Rs 45/- from 1927 to 1936, and an Assistant on Rs 30/- and four bill collectors on Rs 20/- each in the grade of Rs 20-1-25 In the year 1936-37 the Establishment was revised into 2 clerks on Rs 25-1-40 and 4 clerks on Rs 20-1-25 The designation of the bill collectors was changed as clerks and the rate-payers were directed to remit the water charges to the office as in the case of Electrical Department

Since then the section has been without a Head-clerk to supervise the work of the section and to keep sufficient control over other clerks The work was being managed by posting the senior clerk to supervise other clerks

As experienced senior hands are either transferred or promoted, the work of the section was much hampered due to the raw recruits being posted to the grade As a set off, K S Keshava Murthy one the senior clerks now posted as Water Revenue Inspector is deputed to supervise the work in the section in addition to his work The prevailing system does

2

not seem to be sound and therefore I suggest that instead of the present arrangement a post of the Head Clerk on Rs 40-2-50 be sanctioned in addition to the existing staff, as in the case of other sections I recommend that the subject may kindly be placed before the Council

For kind orders)

H C Jambukesvariah,
Revenue Officer

Through the Superintendent)

~~Submitted~~

The question of the re-organization of the wh Municipal Office has been under the consideration of Municipal Council, and it is before the reorganisation Committee formed for this purpose As a first step, proposal were made for the revision of the scales of pay of the Head Office, and they are pending orders of Government

This will be the second step to take up the re-organisation of the Water Revenue Section which is at present provided with two clerks in grade Rs 25-1-40 and four clerk on Rs 20-1-25 A proposal is now placed to revise the grade of 20-1-25 into that of 25-1-40 and if this is sanctioned the section will have six clerks on 25-1-40 While, all the other sections have Headclerks, this section is without one It is necessary that there should be a headclerk for supervising and controlling the work of the clerks The proposal put forward to have a Head Clerk on Rs 40 2 50 in addition may also be placed before the Council for consideration, along with the other question of the revision of the scale of Rs 20-1-25 ~~with~~ with that of Rs 25-1-40 in consideration of the increase in the nature of work

Office of the President,
Mysore City Municipal Council,
Dated 20th November 1943

Memo

On the Ministerial Establishment of the Municipal Office, there are four clerks in grade Rs 20-1-25 in the Water Revenue Section while in other sections the grade pay of all the clerks in the lower grade, has been fixed at Rs 25-1-40 This differerce in the scale is a great interference in the free interchange of officials from one section to the other As per Government Order No 6-105/CRB 1-34-1 dated 3-7-1934 issuing revised rules for recruitmert to the subordinate service of Government the clerks in grade Rs 20-1-25, come under class II appointments, while the clerks in grade Rs 25-1-40, also come under the sare class The minimum qualification for recruitment to this class is a pass in the S S L C Examination Even in the Reverue and other departments, the candidates possessing this qualification are started on the mirimum pay of rot less than Rs 25/- As in this Municipality there is a grade of Rs 20-1-25, the recruits have to be entertained in this grade to begin with, since the officials already in employment in this grade with the same qualification, have to be preferred to the grade of Rs 25-1-40 Thus the cardidates appointed to the last grade of Rs 20-1-25 do not readily come forward to accept the appointments, as they have got better chances in other Departments, with the result that the vacancies will be left unfilled and the works will thereby considerably suffer It is therefore desirable that this anomoly should be removed with a view to improve the efficiency of work and to make it attractice to the qualified candidates

The question of the Re-organisation of the Municipal Office as a whole, has been pending consideration and a

sub-committee has been formed to go into the question and formulate proposals on this behalf Proposals for the revision of the Head office Establishment have already been made, and are pending orders of Government

With a view to secure uniformity, in the lower grade officials, and to allow their free int rchange, the present grade of Rs 20-1-25 of four clerks in the Water Revenue Section may in the meanwhile be revised and fixed at Rs 25-1-40 as in the case of other officials of the same class The matter is placed before the Council for approval so that sanction of Government may be obtained to the variation in the scale
